References:	System; Author, year. All references cited in text, not include references not cited.
Latín words:	Italics. Ex. <i>et al.</i> ; <i>in situ</i> ; <i>in vitro</i>
Maximun long:	15 pages

PAPERS SUBMISSION

Please send open Word file to Santiago Barros, Instituto Forestal (sbarros@infor.cl), who will act as Editor.

EDITOR COMMITTEE

The Editor will coordinate an Editor Committee integrated by:

Alvaro Sotomayor (INFOR Chile)
Pablo Peri (INTA Argentina)
Christian Hepp (INIA Chile).

The committee will review the summaries and prepare the congress program.

Those papers not selected for Oral Presentation would be presented as Poster Papers. Please remember that the reasons for not selecting a paper for Oral Presentation are normally total amount of received papers, available time for this kind of presentations, balance between topics and similar, and not necessarily the paper quality or level. So, the poster papers presentation is a way of show results as important as the oral presentation.

Authors must indicate if they propose whether they prefer to present orally or in posters. Also, please be sure if you receive the receipt confirmation from the editor.

Regarding the files, please remember that up to 5 Mb is the reasonable limit through the e-mail and do not forget that images are normally heavy, so is always convenient adding it as JPEG.

DEADLINES

Summaries

Send to Editor sbarros@infor.cl until:

July 30, 2010

Editor will inform about acceptance not later than:

August 13, 2010
